- The ARC Centre of Excellence for Coral Reef Studies is hosting the **12th International Coral Reef Symposium (ICRS) in Cairns** in 2012 Website: <http://www.coralcoe.org.au/icrs2012>
The five day program will showcase the latest coral reef science in over 1500 talks and posters, as well as offering short and longer field trips to the Great Barrier Reef, a trade exhibition, and providing exciting social events. The meeting comes at a critical time for the world's coral reefs and the people who depend on them, and we especially encourage the important role of the 12th ICRS in promoting dialogue between coral reef researchers, reef managers and policy makers.
